

LA TAVERNA ARMENTO

Momma's Table

Why not opt for a traditional Southern Italian "Momma's Table" with foods prepared by our chefs that have visited and trained in Armento and Basilicata?

You begin with your Antipasti to share. Followed by Platters from a selection of the night's menu for you and your guests to pick and choose, and to mix and match as they wish.

Guests are encouraged to help serve the person on both sides of them, helping to add to the conviviality and atmosphere of the table. To whet your appetite there is a sample menu on page 2!

After enjoying a dessert of Tiramisu, guests can relax and watch the world go by, in true

Italian style!
