“A huge part of my passion for the restaurant industry revolves around wine and, in the short years since we’ve opened our doors, this passion and experience has only grown.

Wine is such a huge part of the world’s culture and touches on so many areas of life from history, literature, agriculture, and more. I think it’s fair to say you could devote your life to wine and still learn something new every day!

Ultimately, though, it is about pleasure.

The simple enjoyment of a glass of wine. The common link for all of our wines is that I have tasted and selected them myself on the basis that they offer deliciousness and value for money, although this last part can certainly be subjective! Sláinte!”
